Case No. 2017-24341-A

Qualified offer of settlement: inadmissible pursuant to Rule 408 of the Ind. Rules of Evidence. IDEM asserts that any offer to compromise a claim or any acceptance of such offer does not bind or obligate the parties of this enforcement action in the absence of a final order of the agency.

Dear Mr. Brooks:

This is to advise that the Indiana Department of Environmental Management (IDEM) has conducted an investigation of ChromaSource, Inc. located at 2433 South County Road 600 East, Columbia City, Indiana. As a result of information obtained during that investigation, IDEM has made a preliminary determination that a violation of an environmental management permit exists. Pursuant to IC 13-30-3-3, enclosed please find a Notice of Violation that sets forth the alleged violations, and a proposed Agreed Order which constitutes a qualified offer of settlement.

You may request a settlement conference to discuss the allegations and the actions necessary to correct and resolve the violation, which may include injunctive relief and the establishment of a compliance schedule. Payment of a civil penalty will also be discussed. The civil penalty amount noted in the proposed Agreed Order contains a preliminary penalty figure for settlement discussion purposes only and is based on penalty calculations associated with the alleged violation set forth in the Notice of Violation. A portion of the civil penalty may be offset by performing an approved Supplemental Environmental Project (SEP). Typical SEPs have included pollution prevention, pollution control, and environmental restoration projects. A copy of IDEM's SEP policy may be obtained from this office or at IDEM's website at www.IN.gov/idem.

A State that Works

The individual signing the enclosed Agreed Order should be the President of the company or other authorized signatory. The timely entry into an Agreed Order, which saves you and IDEM time and resources, may lead to a reduction in the civil penalty.

IDEM is not required to extend the offer of entry into an Agreed Order for more than sixty days. You may enter into an Agreed Order without admitting that the violation occurred. If an Agreed Order is not entered into, IDEM may proceed to issue a unilateral notice and order requiring compliance with the environmental permit, including payment of a civil penalty. Please contact me at (317) 232-8408 or e-mail mchaifet@idem.IN.gov, if you have any questions or if you wish to request a settlement conference.

Sincerely,

Matthew Chaifetz

NOTICE OF VIOLATION

Case No. 2017-24341-A

Based on an investigation, the Indiana Department of Environmental Management ("IDEM") has reason to believe that ChromaSource, Inc. ("Respondent") has violated an environmental permit. The violation is based on the following:

1. Respondent owns and operates a stationary coated and laminated paper color sample manufacturing facility with Plant ID No. 183-00033, located at 2433 South CR 600 East, in Columbia City, Whitley County, Indiana ("Site").
2. Pursuant to Federally Enforceable State Operating Permit No. 183-34437-00033 ("FESOP"), issued to Respondent on August 14, 2014, condition D.1.2, requires the minimum overall control efficiency achieved for CSI - Coater #1, CSI - Coater #2 and CSI - Coater #3 and CSI - Container Cleaner #1 and the matching room shall be 95%.

Respondent conducted a stack test on October 29, 2014, resulting in an overall control efficiency of 91.1% for Oxidizer #2, in violation of FESOP condition D.1.2.

In accordance with IC 13-30-3-3, the Commissioner herein provides notice that a violation may exist and offers an opportunity to enter into an Agreed Order providing for the actions required to correct the violation and, as necessary and appropriate, for the payment of a civil penalty. The Commissioner is not required to extend this offer for more than sixty (60) days.

As provided in IC 13-30-3-3, an alleged violator may enter into an Agreed Order without admitting that the violation occurred. IDEM encourages settlement by Agreed Order, thereby resulting in quicker correction of the environmental violation and avoidance of extensive litigation. Timely settlement by Agreed Order may result in a reduced civil penalty. Also, settlement discussions will allow the opportunity to present any mitigating factors that may be relevant to the violation.

A State that Works

If an Agreed Order is not entered into within sixty (60) days of receipt of this Notice of Violation, the Commissioner may issue a Notice and Order under IC 13-30-3-4 containing the actions that must be taken to correct the violation and requiring the payment of an appropriate civil penalty. Pursuant to IC 13-30-4-1, the Commissioner may assess penalties of up to \$25,000 per day for each violation.

Please contact Matthew Chaifetz at (317)232-8408 or mchaifet@idem.IN.gov within fifteen (15) days after receipt of this Notice to discuss resolution of this matter.
